

You depart in the year 1473, when Mechelen could count itself as a world center of law, trade and entrepreneurship. During your exploration on foot, a minimum of 6 and a maximum of 12 practical tests are provided at Must Discover Places in the city center.

As the basis of your Team Challenge, you will receive a number of raw materials that you must increase through practical tests and your negotiation skills so that 1 winning team emerges as the strongest: the Hertogen van Mechelen.

These practical challenges and locations ensure a constant tension and are always varied in terms of location and type of assignment and can be called typical Mechelen.
