

A unique and authentic taste experience awaits at the **internationally acclaimed** *Het Anker* Brewery, one of Belgium's oldest breweries where old and new meet.

The **old recipes** still provide the basis for the beers which are given their distinctive taste with a variety of hop and botanicals.

You'll also be able to take a look inside the distillery where the Gouden Carolus Single Malt is produced, a popular **whisky by a Belgian brewery**.

Het anker brouwerij
